Profile

Dynamic Full Stack Developer with experience in designing, developing, and implementing mobile and web-based applications. Proficient in modern JavaScript frameworks like React.js, Next.js, and Node.js. Skilled in delivering scalable, mobile-friendly applications and collaborating with cross-functional teams in remote, agile settings. Passionate about solving complex technical challenges and contributing to seamless user experiences through clean, efficient code.

Skills

Technical Skills

- **Programming Languages:** JavaScript, TypeScript.
- **Backend Frameworks & Technologies:** Node.js, Express.js, Nest.js, ts-node.
- **Frontend Frameworks & Technologies:** React.js, Next.js, Tailwind CSS and Bootstrap.
- **API Development:** RESTful, JWT Authentication.
- **Database Expertise:** SQL (PostgreSQL, MySQL), NoSQL (MongoDB, Prisma, Sequelize).
- **Cloud Platforms:** Firebase, AWS, Digital Ocean.
- **Version Control:** Git and GitHub.
- **Testing Frameworks:** Jest, Mocha
- **Frontend Integration:** Experience connecting user-facing applications to backend APIs
- **CI/CD:** GitHub Actions.

Soft Skills

- Business-focused problem solving with customer-centric mindset.
- Collaborative teamwork and remote work communication.
- Experience working in distributed teams with proactive, asynchronous collaboration.

Experience

FULL STACK DEVELOPER | NOVAXA TECHNOLOGIES LTD / *JULY 2024 – PRESENT*

- Developed and maintained 6+ full-stack web apps using React.js, Next.js, and Node.js.
- Built RESTful APIs with Node.js, Mongoose, TypeORM; improved backend performance by 25%.
- Managed PostgreSQL, MYSQL, and MongoDB databases for scalable, multi-tenant applications.
- Automated deployments with Docker and CI/CD pipelines on AWS and DigitalOcean.
- Reduced frontend-backend integration time by 30% through collaborative agile development.

BACKEND DEVELOPER | NYRA WALLET / *OCT 2024 – PRESENT*

- Designed and developed scalable backend services using Node.js and Express.js.
- Collaborated remotely with cross-functional teams to deliver responsive, mobile-friendly financial web applications.
- Built and maintained RESTful APIs to support frontend requests and integrations.
- Debugged and resolved performance issues, enhancing application efficiency and reliability.
- Documented code and development processes to ensure clarity and team alignment.

BACKEND DEVELOPER (CONTRACT) | MY SOUNDS GLOBAL LTD / *APR 2025 – JUL 2025*

- Delivered 50+ backend API endpoints using Node.js, Knex, and MySQL for both mobile app and web platforms.
- Improved response time by 20% through optimized SQL queries and indexing strategies.
- Deployed services to AWS EC2 with environment-specific configurations and backups.
- Contributed remotely to design and deploy performant solutions for both web and mobile users.

BACKEND DEVELOPER INTERN | MEL-FI TECHNOLOGY LTD / *APR 2024 – OCT 2024*

- Developed and maintained server-side logic using Node.js, Express, Nest.js, and ts-node, handling over 1,000 daily API requests with TypeScript to ensure high performance and responsiveness.
- Built unit and integration tests to ensure functionality and reduce bugs by 30%.
- Optimized database structures in PostgreSQL and MongoDB, improving query response times.
- Assisted in deployment pipelines, achieving consistent 99.9% uptime.
- Collaborated cross-functionally with front-end developers and product teams to increase delivery speed of new features by 25%, ensuring seamless customer experiences.

FRONTEND DEVELOPER (NYSC) | URTELS VOIP TELECOMMUNICATIONS LTD | *NOV 2023 – NOV 2024*

- Assisted in maintaining CRM platforms, enhancing customer data management for improved business operations.
- Collaborated with backend developers to improve UI/UX and ensure seamless API integration.
- Provided technical documentation and reports for internal software tools.
- Assisted in maintaining internal tools and dashboards for internet service management

FRONTEND DEVELOPER | WINNOVATE TECHNOLOGIES / *SEPT 2023 – JAN 2024*

- Developed web applications using React.js and Next.js, enhancing front-end performance by 30%.
- Contributed to code reviews and pull requests, improving overall code quality.
- Provided support and solutions to team members, improving deadline adherence by 20%.

Education

POST GRADUATE CERTIFICATION, SOFTWARE DEVELOPMENT NOV 2023 – NOV 2024

Tech4dev

- Focused on advanced backend technologies, including cloud-based applications and frontend frameworks.

BACHELORS OF SCIENCE, BIOCHEMISTRY

FEB 2017 – DEC 2022

University of Benin, Benin City, Nigeria

Certification

- *Certificate Link for Bootcamp, Tech4dev*
- *Software Developer Certification, Tech4dev*
- *HNG Backend Certification*
